

# Beef products

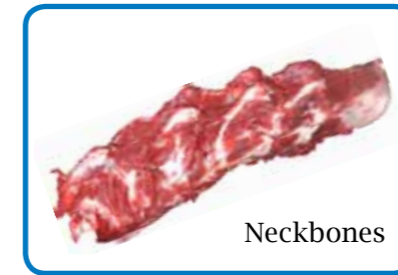

Our Company supplies beef, veal, cow and young bull meat from European producers - not least in Denmark, Germany and the Netherlands, and from India we offer veal and buffalo fore- and hindquarter cuts.

We also supply South American beef from Brasil and Argentina, for instance cuts for the Middle East and Europe, and offal for the Far East. Beef from USA and China is also available.

We can offer container loads as well as mixed loads. We supply beef products from suppliers worldwide. We supply specifications for all cuts.
